

Every child deserves the right to play!

Families are at the heart of Playgroup. We want to ensure that every playgroup meets your unique and wonderful needs, abilities, wants and more!

The NDIS has awarded Playgroup Australia with funding to create the next generation of inclusive, all abilities play, but we can't do it without you. If you or your child (aged 0-5 years) are living with disability we would love to hear from you!

To get started we have one simple question for you...

**What is your
favourite way
to play?**
